At this instance, the globe shows all the connections Dhruv Gupta has in real time. The cyan lines represent a friendship connection. The thickness of the line signifies how many friends he has in that area. The globe also shows his Facebook activity on Saturday, September 6th, 2008. He posted on two of his friend's walls (yellow line), and he made one comment on a friend's status update (blue line). One can monitor Dhruv Gupta's connections and activity over time by moving the circle on the corresponding timeline. By clicking the play button next to each timeline, one can watch how Dhruv Gupta's connections and/or activity appear overtime. To add or remove connections or activity one can click on the square next to either item. By clicking on a specific line, one can get more information - a friend's name, content of wall post, etc.
